Course:

Date:

Location:

Price:

I understand that in order to receive a business scholarship from the Focus on Energy Renewable Energy Program, I must own or be employed by a business or nonprofit that sells, services, or promotes renewable energy technologies or provides services directly related to renewable energy technologies. The business or nonprofit must be located in the service territory of a participating electric provider. I further understand that if I **do not** fill out the required course report form and send it back to Focus on Energy, along with the receipt for the course, I will not be eligible to receive the 50% reimbursement, up to \$300.
