

Energy Fair Bike Route

From Stevens Point to the MREA's Energy Fair!

The Energy Fair bike route is roughly 10 miles. * Due to the new four-lane Highway 10, this is the recommended route (with no Highway 10 crossing). The terrain is about 90 percent flat.

Complete Directions:

- Take a left on Maple Bluff Road (by Target).
- Turn right on Golla Road. Follow Golla to Brilowski.
- Turn left of Brilowski Rd.
- Turn right on Rainbow Drive (which becomes 9th Street).
- Ride straight east for a few miles.
- Turn right on Hwy K.
- Turn left on Ridgeland (follow the curves).
- Turn right on North.
- Turn left on Deer Road.
- Proceed to Energy Fair bike entrance.

There will be bike parking available at The Energy Fair, thanks to Rudy Rack of Plover and the Bicycle Federation of Wisconsin.
